REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Independent claim 1 is allowable over the prior art of record. Claims 2-13 depend from

cliam 1, and therefore, are allowed.

Independent claim 1 recites the limitations of: splitting a 2D filtered bar code into an

equal first part and an equal second part wherein each part has an upper and lower

portion such that the lower portion of the first part and the upper portion of the second

part will be white. The combination of these features as cited in the claims and in

combination with the other limitations of the claim, are neither disclosed nor suggested

by the prior art of record.

2. The prior art made of record and not relied upon is considered pertinent to

applicant's disclosure.

Roberts (PN 6,882,442) is cited for teaching a bar code rendering including

dividing bar codes into equal parts.

• Muratani (PN 6,768,807) is cited for teaching a spreading a digital watermark.

• Rhoads et al. (PN 6.636,615) is cited for teaching detecting a change in

appearance in order to detect a copy image.

• Ulvr et al. (PN 6,415,983) is cited for teaching embedding a 2D bar code on a

stamp.
